

**L320DWW/L320DAW**

**50W LED Flood Light with  
Warm White LEDs**

## **IMPORTANT**

### **Installer and Users please note:**

These instructions should be read carefully and left with the user of the product for future reference.

### **BEFORE USE**

You must inspect the luminaire including its cable for any signs of damage. If the product is damaged, DO NOT use it, and contact your supplier immediately.

### **INSTALLATION**

Remove the fixing bracket from the body of the luminaire.

Attach the fixing bracket to a wall or post, using screws and, if necessary, wall plugs.

Fit the body of the luminaire into the fixing bracket.

Connect the luminaire to the electricity supply using the lead provided.

- Brown = live
- Blue = neutral
- Green/yellow = earth
- The luminaire must be earthed.

If mounting outdoors then make sure that the connections are adequately waterproofed.

### **GENERAL SAFETY REQUIREMENTS**

- All electrical work must be carried out to the requirements of the latest edition of the IEE wiring regulations (BS7671).
- Domestic wiring must be tested periodically by a qualified electrician at least once every 10 years or at every change of occupancy.

### **DISPOSAL AND RECYCLING**

You must not dispose of this luminaire with domestic household waste.

Most local authorities have specific collection system for appliances and disposal is free of charge to the end-user.

When replacing an existing luminaire with a similar new luminaire your retailer may take the old luminaire for disposal.
